

# Health Care

We make it easier for health care providers to focus on tasks that drive productivity and profitability

## When it comes to HR, you are our patient

Providing quality patient care. Lower reimbursements from insurance companies. Ever-changing meaningful use requirements. Staying up to date on and effectively utilizing ICD-10. Increasing operating costs. Businesses in the health care industry face these and other unique challenges.

**G&A Partners provides the resources and experts needed to ensure best-in-class benefits and culture to compete with major health care systems.**

### G&A Partners' comprehensive HR services include:

#### HR Administration

- Allocation of payroll dollars by location, department, project, job costing, and more
- Automated standard deductions

#### Payroll

- Assistance providing various employee trainings required by credentialing and regulatory bodies
- Online skills and certification tracking

#### Time & Labor

- Scheduling and shift-swapping capabilities, especially useful for PRN employees
- Automated shift-differential calculations

#### Training & Management

- Development and implementation of HR policies to streamline practices across multiple locations
- Assistance complying with federal, state, and local labor laws and regulations

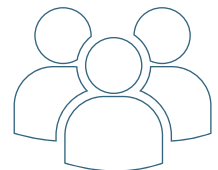

**Let G&A Partners handle your back office so you can provide high-quality patient care.**
